CHAPTER I.

ORIGINAL GRANT, SETTLEMENT. AND INCORPORATION,

OF

STEWARTSTOWN; N. H.

"The township was granted Dec. 1, 1770, to Sir James Cockburne, Sir George Colebrooke, and John Stuart of London, and John Nelson of the island of Grenada; the two latter were merchants. The town was named Stuart town, the derivation of which is obvious. It was incorporated Dec. 22, 1795, by the name of Stuart, but doubts arising as to the legality of some of the proceedings, it was again incorporated Dec. 24, 1799, and named Stewartstown. The town being on the frontier during the Revolutionary war and liable to raids by Canadian Indians, no permanent settlements were made until after peace was declared. A fort was built in town during the War of 1812-'15, and occupied for some time by American troops."

From 'Town Papers of New Hampshire, Vol. XIII.

The first settlement was on the west side of town, and comprised the fourteen lots called "Settlers Lots", and were first settled as follows viz-

and No. 14 by John Walls.

The names of Abel Bennet Jr., Luther French, Longley Willard, Nathaniel Durell Boswel Merrill, Pollatiah Nichols, Eliphalet Miner and Elijah Benton, also appear on the petitions to the General Court for incorporation, but as they were not owners of Land in 1800, I can not consider them as settlers at that time, and for the names of later settlers I must refer the reader to History of Coos County, for which I have furnished a complete list.

The village at West Stewartstown, is situated on what was Settlers' Lot No. 13, and the fort above mentioned was on the hill north of the village it being known as "Fort Hill" at the present time.

The first settlers were nearly all men with small capital to invest, except- we consider- their robust health, and no doubt this was the best of all capital, for it required muscle and endurance to remove those giant birch and maple trees of the then unbroken forest, before a crop could be planted.

Those early settlers suffered much from want of suitable roads, the only means of obtaining supplies was by going thirty miles with Ox teams, fording streams and guided only by 'spotted' trees; the State in 1796, granted a tax of three cents an acre to build roads and bridges, but it was not collected or used until year 1801.

STATE OF NEW HAMPSHIRE.

IN THE YEAR OF OUR LORD, ONE THOUSAND SEVEN HUNDRED AND
NINETY NINE;

§

An Act to incorporate a place called Stewartstown.

WHEREAS, DANIEL BRAINARD, JUNIOR., and others have preferred a petition to the General Court, representing that a petition was exhibited to the General Court at their session in June one thousand seven hundred and ninety-five, requesting that a place called Stewart. in the county of Grafton, and State of New Hampshire., might be incorporated into a town, and also that a tax of two-pence, on each acre of land in said Stewart, might be granted for the purpose of making roads and bridges; upon which the General Court at their session in December one thousand seven hundred and ninety-five, passed an Act to incorporate said place called Stewart, by the metes and bounds mentioned in the charter thereof, into a town by the name of Stewart. and at their session in December one thousand seven hundred and ninety six, passed an Act granting a tax of three cents on each acre of land in said Stewart, public rights excepted, for the purpose of making roads and bridges — And that said place was at the time of preferring said petition, known to said petitioners by the name of Stewart; when in reality it was called Stewartstown in the charter thereof, and that doubts had arisen respecting the legality of said incorporation, as well as of the tax aforesaid. The said Daniel Brainard, and others in their said petition, among other things pray that such amendment may be made to the Act aforesaid, incorporating said place, as the General Court may think expedient, or that in any other way the said Stewartstown, may be incorporated and vested with such privileges as other towns in this State enjoy; which appearing to be reasonable,

THEREFORE; Be it enacted by the Senate and House of Representatives, in General Court convened, that a township be and hereby is erected, and incorporated by the name of STEWARTSTOWN., buttod, bounded and described as follows, viz.— beginning at a white-maple tree standing on the easterley bank of Connecticut river, and running South, seventy degrees east, nine miles; from thence turning off at right angles and running South twenty degrees west, three miles and one hundred and forty-four rods, from thence turning off at right angles and running north seventy degrees west to Connecticut river; from thence up said river as that tends, to the maple tree aforesaid,— which same maple tree, stands four rods north of a brook called Bishop's brook, and opposite a large island in said river. And the Inhabitants of said tract of land are hereby erected into a body politic and corporate to continuance and succession forever; and are invested with all the powers, and enfranchised with all the privileges, rights, benefits, and immunities, which any towns in this State by law hold or enjoy. To have and to hold the said inhabitants and their successors forever.

And Daniel Brainard Junior, is hereby appointed, authorised, and empowered to call the first meeting of said inhabitants for the purpose of choosing all necessary and customary town officers; giving at least fourteen days notice of the time and place of

meeting in Stewartstown aforesaid, and of the articles to be acted upon, who shall attend and preside until a moderator be chosen, and the officers then and there chosen shall be invested with all the powers and authority that like officers of any other towns in this State are by law invested with. And the meetings of the inhabitants of said town for the choice of town officers shall be holden on the second Tuesday of March annually forever.

And be it further enacted that an Act passed by the General Court at their session in December in the year of our Lord one thousand seven hundred and ninety five incorporating a place called Stewart be and the same is hereby repealed.

STATE OF NEW HAMPSHIRE, In the House of Representatives, Dec. 19 1799.
The foregoing Bill having had three several readings, passed to be enacted.

Sent up for concurrence

JOHN PRENTICE. SPEAKER.

In Senate the same day this Bill having been read a third time was enacted.

AMOS SHEPARD, PRESIDENT.

Approved Dec. 24 1799.,

J. T. GILMAN. Governor.

The first "Town Meeting," was in March 1800. at the dwelling-house of Daniel Brainard; on Settler's Lot No. 7. And the first board of town officers was as follows

Daniel Brainard Jr. Moderator, Elisha Dyer, Town Clerk.

Daniel Brainard, Jeremiah Eames Jr. and Elisha Dyer Selectmen.
Pelatiah Nichols Constable, Henry Sullenham and Stephen Kemp Fence-viewers,
Barzillai Brainard, and Stephen Kemp, Tiding-men.

Barzilla Brainard, Surveyor of timber

The first town-tax was fourteen dollars, and the same was paid in Wheat, at one dollar per bushel, the wheat was taken to market, and sold the money then used to pay town expenses, the State and County Taxes, were paid in the same way. this gives the reader some idea of the trials, and privations of the inhabitants of this section less than a century ago, and when we consider the facts that there were then no stores, shops or mills,—the nearest Grist-mill at Guildhall, and muddy trails for roads, the nearest market at Portland, the principal means of obtaining money and necessary articles, was by making salts or pearlash, and raising grass-seed, also that all clothing was home-made, the wool carded, spun and wove by hand, all cooking etc. done by a stone fire-place, we can well believe the present generation knows little of the hardships those earley settlers experienced, but I doubt if we of to-day are with all our advantages any more contented and happy than they in those times, for the wants of all multiply and keep pace with their advantages.

As there were no saw-mills, the first houses, and other buildings were made of spruce logs, and roof of poles covered with birch, or spruce bark, both of the latter make a roof that is water-proof, the floor's were made of hewn timbers. The roots of the wild Chocolate were substituted for tea and coffee, fortunately fish and game were plenty, and no wardens were then there to watch them.
